For more than 25 years, Qualcomm ideas and inventions have driven the evolution of digital communications, linking people everywhere more closely to information, entertainment and each other. For more information, visit Qualcomm’s website, <https://www.qualcomm.com/home>

TPV Technology Ltd

TPV Technology was founded in Taiwan in 1967. With 13 manufacturing bases worldwide and an annual shipment of approximately 60 million units, TPV has grown from a small display factory to the world’s largest manufacturer of LCD monitors with a steady market share of over 30%. TPV adheres to a two-pronged OBM/ODM business model: we distribute display products under our own brands AOC, AGON, Envision and under a long-term exclusive license agreement with Philips for global monitors, TVs, audio-visual products, and mobile phones, as well as design and manufacture products for some of the best-known TV and PC brands in the world. For more information, visit TPV Technology Ltd <https://www.tpv-tech.com/en/index.html>
