TPV Technology Ltd

TPV Technology was founded in Taiwan in 1967. With 13 manufacturing bases worldwide and an annual shipment of approximately 60 million units, TPV has grown from a small display factory to the world's largest manufacturer of LCD monitors with a steady market share of over 30%. TPV adheres to a two-pronged OBM/ODM business model: we distribute display products under our own brands AOC, AGON, Envision and under a long-term exclusive license agreement with Philips for global monitors, TVs, audio-visual products, and mobile phones, as well as design and manufacture products for some of the best-known TV and PC brands in the world. For more information, visit TPV Technology Ltd <https://www.tpv-tech.com/en/index.html>
